

TLI42622 Recognition of Prior Learning (RPL) & Assessment Upgrade

Railtrain offer a fast-tracked program to upskill and certify competent experienced Train Drivers. This pathway includes a blend of recognising the informal skills and knowledge applicants have collected through work and life experiences, plus an abbreviated formal assessment process. Whilst this pathway condenses the traditional qualification duration, evidence submitted by applicants must still meet the Rules of Evidence as per the Standards for Registered Training Organisations (RTOs) 2015.

What evidence do I need to provide to Railtrain to determine if I am suitable for RPL?

- Complete [Railtrain TLI42622 RPL Application Form](#) and provide evidence of having driven freight trains recently. This evidence Portfolio would usually include (as applicable):
 - Current resume, including:
 - Roles within industry, types of Locos & wagons familiar with, and dates last driven.
 - Relevant Rail industry accredited qualifications, and
 - Industry Verification of Competencies.
- The RPL request and supporting evidence is submitted to a Rail Industry Subject Matter Expert within Railtrain for review.
- Should the RPL request be declined due to insufficient experience or evidence, the applicant will be notified by the RTO and provided with potential options for consideration of an alternative Training and Assessment pathway if applicable.

How much does this RPL pathway cost?

- Option A - Digital enrolment & evidence submission = \$2,500
 - Invoice raised for payment in 2 x instalments:

- Please note any additional time required more than the two x days interaction with a trainer may occur an additional fee of \$125 per hour;
 - If needed, any expected additional time will be discussed with an applicant before the end of the second day.
- If applicants can provide valid Statement of Attainment(s) with equivalent units for all of the units within a particular Module, Railtrain will apply Credit Transfer to that particular module.

I have been deemed suitable and I now want to move forward; what is the enrolment process?

- An enrolment form link and an invoice will be emailed to the applicant to enrol into the qualification.
- Once the commencement fee is paid, the applicant will be formally enrolled into Railtrain Learner Management System.
- Duration of active RPL enrolment will be 6 months from enrolment start date.
- Extensions will be granted on request in extenuating circumstances and with justifiable reason.
