

TLIF0008 Apply Safety Critical Communications in the Rail Environment

This unit involves the skills and knowledge required to apply effective safety critical communications in the rail environment.

Course Information

This unit focuses on the application of safety critical communications in the rail environment. It provides learners with the necessary skills and knowledge to effectively communicate in critical situations to ensure the safety and well-being of all personnel involved.

AN OVERVIEW OF THIS COURSE

- Focuses on safety critical communications in the rail industry.
- Covers the importance of effective communication in critical situations.
- Teaches communication techniques, protocols, and standardised language specific to rail.
- Provides training on emergency communication procedures and reporting incidents.

RAILTRAIN is a national Registered Training Organisation (RTO) that delivers training services exclusively for the rail industry.

Delivery

The half day course will take place at the Railtrain training rooms and comprehensively cover the following topics:

COMMUNICATION TECHNIQUES AND PROTOCOLS

- Developing effective verbal communication skills and listening techniques.
- Using communication protocols and language specific to the rail industry.

EMERGENCY COMMUNICATION PROCEDURES

- Understanding emergency response protocols.
- Reporting and documenting critical incidents accurately and comprehensively.

TEAM COLLABORATION AND COORDINATION

- Collaborating effectively with others
- Maintaining situational awareness and providing accurate information to relevant personnel.

A nationally recognised Statement of Attainment in the unit **TLIF0008 Apply Safety Critical Communications in the Rail Environment** is given to all participants who successfully complete the theory and practical assessments.

Call (08) 9470 4999 or email training@railtrain.com.au to find out more information.

RECOGNITION OF PRIOR LEARNING (RPL)

If you have relevant work experience and training and can provide evidence of this, you may be eligible for RPL. Call or email our office for advice.

LANGUAGE, LITERACY AND NUMERACY (LLN)

As part of the enrolment process you will be assessed to confirm you have the LLN skills required to work in the rail industry.

LOCATION

The Railtrain training rooms and track work training pad are at Unit 1, 58 Tarlton Crescent, Perth Airport. Workshops will be scheduled to meet participant demand. Course may be deferred if minimum numbers are not met.

COST

The cost for the unit, including workshop theory and practical training, is \$295 (GST Free), to be paid as part of enrolment.

WANT MORE INFORMATION?

Contact us on (08) 9470 4999 or training@railtrain.com.au to discuss your needs, potential delivery options and prices.

Railtrain is a national Registered Training Organisation that delivers training services exclusively for the rail industry.

Our services include:

- Training programs in rail operations, rail infrastructure and rail safety investigations
- Traineeship delivery and advice on possible funding opportunities to offset training costs
- Recognition of Prior Learning (RPL) services for those with relevant knowledge and skills
- Verification of Competence (VOC) assessments, Safeworking and other enterprise training
- Development of training and assessment materials customised to client requirements and mapped to national qualifications

The Railtrain Difference

RAILTRAIN OFFERS:

- A Registered Training Organisation specific to the rail industry only
- Training solutions customised for individual clients in rail operations and rail infrastructure
- Dedicated inhouse training facilities, including rail track pads, signals and infrastructure
- Selected programs approved for Government funding, meaning lower prices for clients
- Self-paced online learning solutions for selected programs

CLIENTS AND DIVERSITY

Enterprise clients include major resources companies, major rail construction and maintenance companies, rail network operators, large rail transport companies, rail equipment suppliers and a large State Government transport agency.

Railtrain supports client diversity objectives and actively seeks to hire women, youth and Indigenous people to train for placement in client companies.
